The Central Power-House of Publicity!

Nowadays one central "power house" can furnish electricity for running street cars, lighting a city-or for cooking a dinner or running a sewing machine. What was mere "hallucination" about electricity 20 years ago is now "mere matter-of-fact."

Nowadays, also, one central "POWER HOUSE OF PUB-LICITY"-such as this newspaper represents and IS-can furnish publicity to one man sufficient to "run a store" or to develop an entire suburban town; and to another enough to rent a furnished room or to sell a second-hand sewing machine.

Electricity itself has not a tithe of the uses that are possible to publicity-nor is it any more certain and effective in its workings and results.

Whatever task you have for it, PUBLICITY IS A TIRELESS FORCE THAT NEVER SHIRKS - THAT NEVER PROVES TO BE "TOO EXPENSIVE,"
